

# Mayors Monarch Butterfly Pledge

The first Saturday in May was marked **National Start Seeing Monarchs Day.**

What an inspiring national day for this difficult year!

We are asking all ratepayers and families of the township to help bring the **Monarch Butterfly population back to Carling.**

The township will be planting milkweed in several locations around Carling and with your help we can plant LOTS of milkweed plants in 2021.

Consider planting milkweed yourself and if planting flowers with your milkweed adult monarchs are attracted to flowers with orange, red, yellow, pink and purple blossoms.

Maybe you would like to decorate the area, include your children, grandchildren, just have fun and enjoy the butterflies for years to come.

Here's hoping this fall we'll have and be able to see beautiful photos, artwork and butterflies.

Anyone planting **MILKWEED** at their homes or cottages this year send a photo of your designated area to [info@carling.ca](mailto:info@carling.ca) with the subject **MONARCH.**

All photos will be put in our fall butterfly display in the recreation centre.

If you don't want to send a photo please provide your name or area so we can add you to our wall.
